Caltech Thesis

Characteristics:
CaltechTHESIS is a full-text repository of doctoral, engineering, master's, and bachelor's theses submitted by students of the California Institute of Technology (Caltech). While most entries are textual dissertations, some may also include programs, maps, videos, or other supplementary materials. The repository is continuously updated.

The database archives theses in the following fields:
• Aeronautics, Astronomy, Astrophysics
• Applied Mathematics
• Applied Mechanics
• Applied Physics
• Bioengineering, Biophysics, Biochemistry, Biology
• Chemical Engineering, Chemistry
• Civil Engineering
• Computer Science
• Engineering
• Control and Dynamical Systems
• Electrical Engineering, Energy
• Environmental Science
• Geology
• Materials Science
• Mechanical Engineering
• Humanities

Search Functionality:
Searches can be performed by author name, advisor, year of publication, subject area (option), thesis type, research group, recently added works, or ORCID number (available in advanced search).

Access: https://thesis.library.caltech.edu/
