Natalia Stupnytska	Technical and economic analysis of the consequences of occupational injuries at machine-building enterprises	1
Małgorzata Walendzik, Tomasz Kamiński, Piotr Pawlak, Konstantinos Demestichas	The analysis of organizational and legal possibilities to reduce the dangers related to road transport of dangerous goods in Poland	15
Ewa Osuchowska, Zofia Buczek, Klaudia Olkiewicz	Zn-Cr alloy coatings: electrodeposition and properties	29
Dariusz Ampuła	Boosting trees in application to hand grenades fuzes	43
Alicja Dąbrowska, Robert Giel, Sylwia Werbińska-Wojciechowska	Human safety in autonomous transport systems – review and case study	57
Varsha Mittal, Durgaprasad Gangodkar, Bhaskar Pant	K-Graph: knowledgeable graph for text documents	73
M. Skrzyniarz, A. Rojek, W. Kruczek, K. Mike, Ł. Mroczkowski, P. Stypułkowski	Analysis of the operating modes of the stationary energy storage device in DC railway power supply system	91
Marek Adamowicz, Adam Poświata, Mariusz Wesołowski	Operations & Maintenance of the aircraft arresting gear systems in the Polish Air Force. Part 1	105

Bogusław Czechowicz, Teresa Buczkowska- Murawska	Research methodology of the sleeve-target system with miss distance indicator of the unmanned aerial target imitator Metodyka badań czujnika trafień rękawa strzeleckiego bezzałogowego imitatora celu powietrznego	125 137
Jarosław Zalewski	Simulation of a motor vehicle momentarily accelerating in various road conditions	149
Agnieszka Tubis, Mateusz Rydlewski, Marcin Budzyński	Safety and functionality assessment of tram loops in Wrocław	159
Karol Bogucki	Corrosion testing of kinematic connection details from the jet engine in a seawater environment Badania korozyjne elementów połączenia kinematycznego z silnika odrzutowego w środowisku wody morskiej	173 184
Cezary Krysiuk, Aldona Kuśmińska- Fijałkowska, Tomasz Kamiński, Konstantinos Demestichas	Driver's tasks in the context of the increase in the degree of automation of road transport	195
Zygmunt Kruk	Markowski model procesu eksploatacji samochodów z oczekiwaniem	213
Amit Kumar, Pooja Dhiman	Reliability estimation of a Network Structure using Generalized Trapezoidal Fuzzy Numbers	225
Wojciech Kotlarz, Maciej Witanowski	Turbine engines trend development	243
Leszek Opyrchal	Is mean time to failure (MTTF) equal to mean time of life for unrepairable systems?	255

Nicoleta González Cancelas, Beatriz Molina Serrano, Francisco Soler Flores	Federated learning for Spanish ports as an aid to digitization	1
Sławomir Klimaszewski, Krzysztof Sajda, Sergiusz Szawłowski	Preliminary system safety hazard analysis of a transport helicopter SHM system	19
Sławomir Klimaszewski, Krzysztof Sajda, Sergiusz Szawłowski	Small UAV SHM system functional hazard analysis	33
Oliwier Mendala, Katarzyna Tokarska	Aviation criminal law regulations of the Tokyo convention and the penal code to counteract terrorist acts	43
	Lotnicze prawo karne. Regulacje Konwencji tokijskiej oraz Kodeksu karnego w celu przeciwdziałania aktom terroru	53
Jerzy Kotkowski, Edward Rokicki, Paweł Lindstedt, Jarosław Spychała, Jerzy Perczyński, Hieronim Karbowski	Diagnostics of turbine blades, based on estimation of frequency response function	63
Grzegorz Kowaleczko, Krzysztof Grajewski, Szymon Kobiela, Romuald Każmierczak	The impact of standard deviation of wind on the bomb flight in atmospheric turbulence	79

Alica Tobisová, Dorota Liptáková, Marek Pilát, Stanislav Szabo, Róbert Rozenberg, Peter Kálavský	Efficiency analyse of airport commercial area	93
Jarosław Kozuba, Tomasz Wojnar, Magda Mroziak, Bartosz Stołtny	Use of electric motors in the context of glider aviation	103
Agnieszka Fortońska	Measures taken by the European Union Agency for Aviation Safety to ensure aviation safety	117
Jakub Ślęczek, Filip Zaborowski	Reaction wheel control system for cubesat nanosatellite	127
Rafał Karaś	The impact of technological changes of PVC light partitions and glazing on the risk connected with the organization of international transport	139
Krzysztof Cur, Mirosław Kowalski, Paweł Stężycki, Dariusz Ćwik	Checking aircraft engines adjustment	153
