Foreword	
<i>Richard E. Blahut and Bruce Hajek</i>	vii
Preface	xii
Some Recent Contributions to the Mathematical Theory of Communication	
<i>Warren Weaver</i>	1
The Mathematical Theory of Communication	
<i>Claude E. Shannon</i>	29
Introduction	31
1. Discrete Noiseless Systems	36
2. The Discrete Channel with Noise	65
3. Continuous Information	81
4. The Continuous Channel	97
5. The Rate for a Continuous Source	108
Appendices	116
