2021

Maciej Dobrzański

The influence of water price and the number of residents on the economic efficiency of water recovery from grey water No. 2021/001

Adwait Naik

HMM-based phoneme speech recognition system for the control and command of industrial robots No. 2021/002

Bogusława Szczodrowska, Robert Mazurczuk

A review of modern materials used in military camouflage within the radar frequency range No. 2021/003

Andrzej Bielski

Mixing effects in the river downstream from pollution discharge point No. 2021/004

Mario Cerasoli

Small Historical Centres: an opportunity for the "smart" revitalization of Inner Areas in the Post (post) COVID Era No. 2021/005

Anna Sikora

Rzeszów as an example of a 'new town' tailored for the modern era No. 2021/006

Paulina Zajdel

A suitability assessment using an instrumented impact test of the use of selected structural steel grades on the basis of their changes in response to exposure to fire No. 2021/007

Andrzej Wysoczański, Zbigniew Kamyk, Yann Yvinec

Analysis of the possibility of employing 3D printing technology in crisis situations No. 2021/008

Rashit Galin, Boris Khina, Natalia Shaburova, Anna Wassilkowska

The formation of zinc coatings in nanocrystallised zinc powders No. 2021/009

Emilia Chęć, Joanna Dudek-Klimiuk, Piotr Szkotut

A historical study of utility gardens within the Klemensów palace and park complex No. 2021/010

Marcin Żelawski, Tomasz Hachaj

The application of topological data analysis to human motion recognition No. 2021/011

Aneta Kłeczek, Anna M. Anielak

Humic substances and significance of their application – a review No. 2021/012

Tadeusz Sawicki

Improved rack and pinion drive No. 2021/013

Dominika Strzałka-Rogal

The new function of architectural monuments – a comparative analysis of two different cases: Palazzo Querini Stampalia and the Fondaco dei Tedeschi building No. 2021/014

Włodzimierz Czyczuła, Maciej Rochel

Operational problems of tramway infrastructure in sharp curves No. 2021/015

Maciej Motak, Magdalena Woźniczka
A short history of the form of octagonal and elliptical city squares..... No. 2021/016

Irena Ickiewicz, Piotr Koda
The destructive influence of external factors on building partitions
in historic buildings..... No. 2021/017

Krzysztof Cieśliński, Urszula Malaga-Toboła
Impact of thermal renovation on selected characteristics of partition walls
and the consumption of heat energy No. 2021/018

Agata Mikrut-Kusy
Historical, non-existing synagogue in Przeworsk..... No. 2021/019

Thorsten Bürklin, Michael Peterek
Beyond Beauty or Urban Design of Responsibility No. 2021/020

Kamil Słowiński, Marek Piekarczyk, Mateusz Król
Verification of the cylindrical tan shell stability using the stress design
and the mna-lba procedure..... No. 2021/021

Tadeusz Chrzan
A method for determining the financial cost of damage to buildings
caused by seismic ground vibrations..... No. 2021/022

Karolina Wójcicka
The efficiency of municipal sewage treatment plants inspiration
for water recovery..... No. 2021/023

Marcin Morawski, Tomasz Talarczyk, Marcin Malec
Depth control for biomimetic and hybrid unmanned underwater vehicles..... No. 2021/024

**Adam Kubecki, Cezary Śliwiński, Janusz Śliwiński, Ireneusz Lubach,
Leszek Bogdan, Waldemar Maliszewski**
Assessment of the technical condition of mines with mechanical fuses..... No. 2021/025

Janusz Marchwiński
The systems method as an educative tool for sustainable architecture design
on the example of solar building design..... No. 2021/026

Tomasz Bajwoluk
Planning of areas in the vicinity of large industrial plants No. 2021/027

Karolina Warzocha
Rehearsal rooms in the context of norwegian standard ns 8178:2014..... No. 2021/028

Paweł Radzajewski
Calculation of brake-force distribution on three-axle agricultural trailers
using simulation methods No. 2021/029

**Hubert Danielewski, Andrzej Skrzypczyk, Włodzimierz Zowczak, Dariusz Gontarski,
Leszek Płonecki, Hubert Wiśniewski, Dominika Soboń, Artur Kalinowski,
Gabriel Bracha, Krzysztof Borkowski**
Numerical analysis of laser-welded flange pipe joints in lap and fillet configuration..... No. 2021/030
