ATPL Book 4 Powerplant

Piston Engines - Introduction

Piston Engines

1. Piston Engines - Introduction	1
2. Piston Engines - General	.11
3. Piston Engines - Lubrication	.41
4. Piston Engines - Cooling	.55
5. Piston Engines - Ignition	.65
6. Piston Engines - Fuel	.75
7. Piston Engines - Mixture	.91
8. Piston Engines - Carburettors	101
9. Piston Engines - Icing.	115
10. Piston Engines - Fuel Injection	123
11. Piston Engines - Performance and Power Augmentation	133
12. Piston Engines - Propellers	161

Gas Turbines

13. Gas Turbines - Introduction.	197
14. Gas Turbines - Air Inlets.	217
15. Gas Turbines - Compressors.	225
16. Gas Turbines - Combustion Chambers	245
17. Gas Turbines - The Turbine Assembly	263
18. Gas Turbines - The Exhaust System.	277
19. Gas Turbines - Lubrication	291
20. Gas Turbines - Thrust	307
21. Gas Turbines - Reverse Thrust	325
22. Gas Turbines - Gearboxes and Accessory Drives.	333
23. Gas Turbines - Ignition Systems	341
24. Gas Turbines - Auxiliary Power Units and Engine Starting	349
25. Gas Turbines - Fuels	365
26. Gas Turbines - Fuel Systems.	373
27. Gas Turbines - Bleed Air.	389
28. Revision Questions	401
29. Index.	447
