ATPL Book 10 General Navigation

Direction, Latitude and Longitude

1. Direction, Latitude and Longitude	1
2. Great Circles, Rhumb Lines & Directions on the Earth	21
3. Earth Magnetism	43
4. The Direct Indicating Compass	67
5. Aircraft Magnetism	75
6. The Navigation Computer - Slide Rule Face	85
7. The Navigation Computer - Distance, Speed, Time and Conversions.	101
8. The Navigation Computer - TAS and Altitude Conversions	121
9. The Navigation Computer - Triangle of Velocities	141
10. The Navigation Computer - Calculation of Heading and Wind Finding.	155
11. The Navigation Computer - Multi-drift Winds and Wind Components	185
12. The 1 in 60 Rule	205
13. Navigation Using the 1 in 60 Rule	215
14. Other Applications of the 1 in 60 Rule	227
15. General Navigation Problems	237
16. Convergency and Conversion Angle	245
17. Departure	267
18. Scale	281
19. General Chart Properties	289
20. Mercator Charts - Properties	299
21. Mercator Charts - Scale	315
22. Mid Course Test	327
23. Lambert's Conformal Chart - 1	341
24. Lambert's Conformal Chart - 2	357
25. The Polar Stereographic Chart	371
26. Gridded Charts	385
27. Plotting	407
28. Topographical Maps and Map Reading.	423
29. Time (1).	441
30. Time (2).	455

31. Time (3)	483
32. Revision Questions	517
33. Index	565

1. Direction, Latitude and Longitude	1
2. Great Circles, Rhumb Lines & Directions on the Earth	31
3. Earth Magnetism	43
4. The Direct Indicating Compass	67
5. Aircraft Magnetism	75
6. The Navigation Computer - Slide Rule Face	85
7. The Navigation Computer - Distance, Speed, Time and Conversions	101
8. The Navigation Computer - TAS and Altitude Conversions	121
9. The Navigation Computer - Triangle of Velocities	141
10. The Navigation Computer - Calculation of Heading and Wind Finding	155
11. The Navigation Computer - Multi-drift Winds and Wind Components	185
12. The 1 in 60 Rule	205
13. Navigation Using the 1 in 60 Rule	215
14. Other Applications of the 1 in 60 Rule	227
15. General Navigation Problems	237
16. Convergence and Conversion Angle	245
17. Departure	267
18. Scale	281
19. General Chart Properties	289
20. Mercator Charts - Properties	299
21. Mercator Charts - Scale	315
22. Mid Course Test	327
23. Lambert's Conformal Chart - 1	341
24. Lambert's Conformal Chart - 2	357
25. The Polar Stereographic Chart	371
26. Grids Charts	385
27. Plotting	407
28. Topographical Maps and Map Reading	423
29. Time (1)	441
30. Time (2)	455
