Preface **xiii**

About the Author **xviii**

1 Rules to Fly By **1**

Scheduled Requirements	1
How to Squawk a Problem	4
Keeping up with Modifications, Bulletins, and Airworthiness Directives	6

2 Avionics Shop Requirements **9**

Technician Certification	9
Avionics Shop Certification	11
Technicians and Management Responsibility	14
Work Pilots/Owners Are Allowed to Perform	14

3 Avionics Decisions **23**

Choosing Avionics	23
Avionics Radio Retrofits	24
TKM Updates and Modifications	27
Used Radios	29
Detecting Stolen Radios	31
Antitheft Strategies	32
New Radios	34
Other Purchasing Considerations	35
Technical Standard Order (TSO) Requirements	36
Cooling Fans	36
Selecting an Avionics Fan	40
Installation	41

4 Avionics Installation and Repair **45**

Developing an Installation Plan	45
Instrument Panel Manufacturing	50
Antennas	70
Other Installation Guidelines	70

Placarding	71
Soldering: General Application	74
Circuit Boards and Wiring Repairs	82
Electrostatic Damage	83
Wiring	91
Tools	91
Paperwork for Installations and Repairs	104
Installation Checklist	106
Wiring Failure	110
Corrosion and Contamination: The Unseen Enemies?	119

5 Microphones, Headsets, Intercoms, and Speakers 139

The Microphone	139
Headsets	148
Intercoms	152
Speakers	157
Microphone, Headset, ANR Headset, and Intercom Manufacturers	158

6 Audio Systems 161

Audio and Noise	161
Noise	167
Audio Panel Manufacturers	185

7 Antennas 187

Antenna Polarization	187
Choosing an Antenna	187
Antenna Problems	188
Rebonding Antennas	190

8 Communication Receivers/Transmitters 193

FCC Frequency Change	194
Installation Tips	195
Antennas	197
COMM Radio Problems	198
COMM and NAV/COMM Manufacturers	202
Handheld Transceiver Manufacturers	202

9	Navigation Systems	203
NAV Antennas	204	
Troubleshooting VOR Problems	205	
Antenna Troubleshooting	207	
VOR Ground Check	211	
NAV Flight Test	212	
Area Navigation	213	
Glideslope Receivers	214	
NAV Receiver Manufacturers	215	
10	Marker Beacons	217
Installation Tips	218	
Marker Problems	218	
Marker Beacon Receiver Manufacturers	221	
11	Automatic Direction Finder (ADF)	223
Front-end for King ADF	225	
Installation Tips	225	
ADF Antennas	225	
Troubleshooting ADF Problems	227	
ADF Loop/Sense Cable Systems	229	
ADF System Operational Check	230	
ADF Manufacturers	233	
12	Distance Measuring Equipment (DME)	235
Installation Tips	236	
DME Problems	238	
DME Manufacturers	240	
13	LORAN Systems	241
LORAN versus GPS	242	
How LORAN Works	243	
Antenna Installation	244	
LORAN Installation Tips	246	
LORAN Manufacturers	248	
LORAN CDI Manufacturers	248	
14	Global Positioning System (GPS)	249
How GPS Works	252	
GPS IFR Approaches	254	

GPS Receivers	255
Installation Tips	255
GPS Manufacturers	256
Handheld GPS Manufacturers	257

15 Autopilot Systems 259

Autopilot Gyro	266
Maintenance	269
Primary/Bridle Cables	272
Ground Check/System Alignment	273
Keeping Autopilots Going Straight and Level	277
Gyro Erection Failure	278
Autopilot Installation Tips	280
Never Say INOP	290
Fly It Better	292
GPSS: Details, Details, Details	295
Autopilot Manufacturers	299

16 Transponders and Collision Avoidance Systems 299

Transponder Modes	301
Encoders	303
Transponder Installation Tips	304
Altimeter System and Altitude Reporting Equipment Tests and Inspections	306
ATC Transponder Tests and Inspections	308
Pitot Static System Check	309
Test Equipment Requirements	310
Nonpressurized Aircraft Static Check	312
Pressurized Aircraft	314
Collision-Avoidance Systems	315
Transponder Manufacturers	316
Encoder Manufacturers (Altimeters and/or Blind Encoders/Digitizers)	316
Collision-Avoidance System Manufacturers	316

17 Emergency Locator Transmitter (ELT) 317

ELT Regulations	318
Installation Tips	324
Battery Replacement	326
ELT Testing	328
ELT Repairs	328
ELT Manufacturers	329

18 Radar Systems 331

- Radar Antennas 332
- Radome 334
- Safety 346
- Radar Manufacturers 346

19 Thunderstorm Detection Systems 347

- Strike Finder® and Stormscope® 347
- What Can Lightning Do? 359
- Plastic Planes 362
- Thunderstorm Detection System Manufacturers 366

20 Compass 367

- Compass Construction 369
- Vertical Card Compasses 369
- Compass Problems 369
- Compass Location 371
- Compass Repairs 372
- Compass Swinging 373
- Slaved Compass 376
- Compass Manufacturers 377

21 Gyroscopic Instruments 379

- Heading Indicator 379
- Attitude Indicator 380
- Turn Coordinator 382
- Horizontal Situation Indicator 382
- Gyro Maintenance 383
- Gyro Troubleshooting 386
- Gyroscopic Instrument Manufacturers 387
- HSI/Slaved Compass System Manufacturers 387

22 Radio (Radar) Altimeters 389

- Installation Tips 390
- Radio Altimeter Manufacturers 390
