Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Classification	1
4 Symbols and requirements	1
4.1 Symbol for the product/process	1
4.2 Symbol for the chemical composition	1
5 Chemical analysis	1
6 Retests	1
7 Marking	2
8 Standard sizes and tolerances	3
8.1 Electrode diameters	3
8.2 Electrode lengths	4
9 Electrode shape and condition	5
9.1 Electrode straightness	5
9.2 Electrode finish	5
9.3 Electrode quality	5
10 Rounding procedure	5
11 Marking and packaging	5
11.1 Marking	5
11.2 Packaging	6
12 Classification examples	6
Annex A (informative) Conditions of use	7
