Part I Methodologies and Tools for Environmental Sustainability

1 Food for Thought: Seeking the Essence of Industrial Symbiosis	3
Pauline Deutz	
2 LCA and Linear Programming for the Environmental Optimization of Waste Management Systems: A Simulation.....	13
Valentino Tascione, Raffaele Mosca and Andrea Raggi	
3 Urban Metabolism: Many Open Questions for Future Answers	23
Giuseppe Ioppolo, Reinout Heijungs, Stefano Cucurachi, Roberta Salomone and René Kleijn	
4 Water Footprint to Support Environmental Management: An Overview	33
Anna Mazzi, Alessandro Manzardo and Antonio Scipioni	
5 Marketing Strategies for the Agri-Food Sector: Adaptation Requirements and Contradictions.....	43
Grazia Calabrò	
6 Hypercritical Separation Technology (HYST): A Sustainable Technology for Agricultural By-products Valorization	53
Pierpaolo Dell’Omo, Francesca Luciani, Raffaella Preti and Giuliana Vinci	
7 Antioxidative Effectiveness of Environment Friendly Functional Biopolymers for Food Applications.....	65
U. Gianfranco Spizzirri, Donatella Restuccia, Giuseppe Cirillo, Francesco Puoci, Ortensia I. Parisi and Nevio Picci	

Part II Experiences and Case Studies in Productive Contexts

8	1997–2012 The Environmental Management System of the ST Microelectronics Site of Catania is 15 years old.....	77
	Antonio Battiato	
9	Sustainability in the Food Oil Sector: The Experience of the <i>Oleifici Mataluni</i> in Eco-Innovation Projects.....	87
	Elena De Marco, Maria Savarese, Antonella Ambrosone, Isabella D'Antuoni and Salvatore Falco	
10	Waste Management and Environmental Impact: A Case Study of Pharmaceutical Industry	97
	Ayşe Güney Agar, Gabriella Arcese and Maria Claudia Lucchetti	
11	Subcategory Assessment Method for Social LCA: A First Application on the Wine Sector.....	107
	Paola Karina Sanchez Ramirez, Luigia Petti and Cassia Maria Lie Ugaya	
12	Human and Environmental Impact Assessment for a Soybean Biodiesel Production Process Through the Integration of LCA and RA	117
	Francesco Spina, Giuseppe Ioppolo, Roberta Salomone, Jan C. J. Bart and Maria Francesca Milazzo	
13	Energy and Environmental Assessment of Retrofit Actions on a Residential Building.....	127
	Maurizio Cellura, Mario Fontana, Sonia Longo, Daniele Milone and Marina Mistretta	
14	Bio-construction and Renewable Raw Materials: The Case of Cork	137
	Alessio Tola	
15	Studies About the Utilization of Citrus Wastes in View of Environment Protection	147
	Francesco Lanuzza, Fabio Mondello and Maria Marcella Tripodo	
16	Prospects for the Use of Mini and Micro Wind Power Plants in Residential Settings.....	157
	Salvatore Chiricosta, Simona Saccà and Giuseppe Saija	

Part III Experiences and Case Studies in Territorial Contexts

17 Territorial Observatory on Sustainability in the Republic of San Marino: A Case Study	173
Luigi Bruzzi, Simona Verità, Francisco Serrano-Bernardo and Enrique Toscano	
18 The European Policy for the Sustainability of Urban Areas and the “Covenant of Mayors” Initiative: a Case Study	183
Mariasaria Lombardi, Roberto Rana, Pasquale Pazienza and Caterina Tricase	
19 Tools for Promoting Environmental Sustainability in Poland	193
Joanna Kulczycka and Lukasz Lelek	
20 The Project for the Implementation of the Industrial Symbiosis Platform in Sicily: The Progress After the First Year of Operation	205
Laura Cutaia, Roberto Morabito, Grazia Barberio, Erika Mancuso, Claudia Brunori, Pasquale Spezzano, Antonio Mione, Camillo Mungiguerra, Ornella Li Rosi and Francesco Cappello	
21 Potential Developments of Industrial Symbiosis in the Taranto Productive District	215
Bruno Notarnicola, Giuseppe Tassielli and Pietro Alexander Renzulli	
22 Harmonization of Documentation for EPD-Generation: The Norwegian Model	225
Annik Magerholm Fet, Marina Magerøy, Dina Margrethe Aspen and Dagfinn Malnes	
23 Environmentally Sustainable Development in the Province of Belluno (Italy)	243
Veronica Novelli, Paola Geatti, Luciano Ceccon and Bruno Andrea Autelitano	
24 The European Ecolabel in the Tourist Sector: An Analysis of the Italian Experience of Mountain Huts	257
Barbara Campisi, Federica Marinatto and Paolo Bogoni	
25 CAP and Sustainability. Subsidies and Biodiversity in Six “Objective-1” Italian Regions	267
Alba Marino, Guido Signorino and Elisa Gatto
