XXV Sympozjum  
**Bezpieczeństwo w Pojazdach Samochodowych**  
XXVth Symposium  
**Safety in Motor Vehicles**

\* \* \*

**Jan Unarski:** „Real ” causes of road accidents ..... 9

**Marek Krzywobłocki:** Preliminary dimensioning of crushed beams using macro  
elements and optimization methods..... 25

**Hubert Sar, Michał Makowski:** Safety of automobile in curvilinear motion including  
vertical vibrations ..... 33

\* \* \*

**Jan Matej:** The influence of the wheel tread profile on the movement of the wheel-set  
on a straight track ..... 45

**Anna Kieracińska, Zdzisław Chłopek, Jacek Biedrzycki, Jakub Lasocki,  
Piotr Wójcik:** Pre-prototype devices to reduce particulate matter emission  
from brakes for conducting laboratory tests ..... 67

**Rasoul Aryan, Vladimir Pylyov:** The effect of fuel injection advance angle  
on temperature state of diesel engine piston ..... 77

**Wojciech Kamela:** Evaluation of the influence of powering a self-ignition engine  
with fuel-water emulsion on the parameters of its operation and the concentration  
of toxic substances in exhaust gases ..... 87

**Wojciech Kamela:** Verification of the mathematical model of the NO<sub>x</sub> storage  
process in an LNT reactor based on experimental data ..... 99

**Ewa Fudalej-Kostrzewa:** Methods of determining ignition advance angle maps ..... 111

**Krzysztof Szczurowski, Łukasz Zieliński, Damian Walczak,  
Krzysztof Więclawski:** Influence of pressure compensation on the stream size  
in the LPG injector ..... 119

**Paweł Grabowski, Artur Jankowiak:** Preliminary evaluation of possibility  
of coplanar multiple cracks growth modelling with usage of two-dimensional  
weight function ..... 129
