Dynamic Soil–Foundation–Structure Interaction for Bunds in Goa	1
Leonardo Souza and P. Savoikar	
Bearing Capacity of Inclined Reinforced Sand Bed on Clay	17
P. Rajashekar Reddy, G. V. Narsimha Reddy and E. Saibaba Reddy	
Deaggregation of Seismic Hazards for Two Different Sites in Indore Region	29
Deepshikha Shukla and C. H. Solanki	
Uncertainties of Shear Forces and Bending Moments in Retaining Wall Due to Earthquake Loading	39
Vidhi Rasik Solanki, Prajakta Jadhav and Amit Prashant	
A Comparative Study on Shear Behavior of Pure Sand and Micaceous Sand Under Undrained Monotonic and Dynamic Loading Conditions	49
P. Seethalakshmi and Ajanta Sachan	
Comparative Behavior of Mechanical Response of Earth Retaining Structures with Two Different Material Models	67
Smita S. Aldonkar and P. Savoikar	
Post-liquefaction Reconsolidation and Undrained Cyclic Behaviour of Chang Dam Soil	77
Majid Hussain and Ajanta Sachan	
Effect of Stress History on Stress–Strain and Volumetric Response of Laterite Soil Under Undrained and Drained Conditions	91
T. K. Abhijith, Majid Hussain and Ajanta Sachan	
Sensitivity Analysis of Pore Morphology Method and X-Ray CT Imaging in SWCC Predictions for Ottawa Sand	105
Mohmad Mohsin Thakur and Dayakar Penumadu	

Safety Factor and Failure Mechanism in Geotechnical Engineering: A Numerical Study	121
H. C. Nguyen	
Linear Static and Dynamic Analyses of Reinforced Concrete Spherical Dome Structure Under Seismic Loads	131
R. Pathak and R. K. Khare	
Shear Behavior of Geotextile-Reinforced Silty Sand Using Static Triaxial Testing	145
Akansha Srivastava and R. S. Dalvi	
Pseudo-static Slope Stability Analysis for Cohesive-Frictional Soil by Using Variational Method	159
Sourav Sarkar and Manash Chakraborty	
Bearing Capacity of Clayey Soil Reinforced with Geogrid	173
Prachi Lingwal and Ashok Kumar Gupta	
Effect of Water Absorbing Polymer Amendment on Water Retention Properties of Cohesionless Soil	185
Abhisekh Saha, Bharat Rattan, S. Sreedeeep and Uttam Manna	
Effect of Geosynthetic Stiffness on the Behaviour of Encased Stone Columns Installed in Lithomargic Clay	197
M. P. Vibhoosha, Anjana Bhasi and Sitaram Nayak	
Numerical Investigation of the Vertical Response of Bucket Foundations Supporting Offshore Wind Turbines in Sand	209
Tanmoy Kr. Deb and Baleshwar Singh	
Elasto-Plastic 3D FE Analysis of the Seismic Behavior in Culvert Longitudinal Direction of Three-Hinge Type of Precast Arch Culverts	223
Y. Miyazaki, Y. Sawamura, K. Kishida and M. Kimura	
Optimal Foundation Solution for Rail Embankment Resting on Deep Soft Clay Deposits	237
Jayasai Krishna Gunnu, Tanmay Gupta and Madan Kumar Annam	
Protection of Buried Pipelines Using Geosynthetics Under Different Loading Conditions—A Review	249
Margi M. Dave and C. H. Solanki	
Experimental and Numerical Study on Compacted Sand Bentonite-Tire Fiber Composite for Landfill Application	263
Krishanu Mukherjee and Anil Kumar Mishra	

Interference Behavior of Four Adjacent Footings on Geosynthetic Reinforced Sand	277
Sachin S. Saraf and Sunil S. Pusadkar	
Numerical Modeling of Massive Timber Piles Supporting Double-Span Stone Arch Bridge Damaged in 2011 Great East Japan Earthquake	291
Y. Sawamura, Benjamin Markley Lewis and M. Kimura	
Behavioural Study on Geomaterial Undergoing Chemo-Mechanical Degradation	305
P. Viswanath and Arghya Das	
Influence of Nonhomogeneous Viscosity on the Dynamics of Debris Flow: A Numerical Study	315
Gaurav Bhutani, Mousumi Mukherjee and Dikshita Nath	
Design of Water Retaining Embankment Using Geosynthetics for Hydraulic Conditions	329
Shubham Soni and Amit Prashant	
A Numerical Study on the Effect of Initial Void Ratio and Areal Extent of Heterogeneity on Instability Onset in Granular Media	343
Debayan Bhattacharya and Amit Prashant	
A Comparative Study on Various Codes and Current Practices for Design of Caissons	355
Mohit Kumar and Kaustav Chatterjee	
New Prediction Models for Compressive Strength of GGBS-Based Geopolymer Clays Using Swarm Assisted Optimization	367
T. Vamsi Nagaraju and Ch. Durga Prasad	
Factors Influencing Transient Response of Shallow Strip Footing on Granular Soil Subjected to Vertical Pulse Load	381
Suwendu Kumar Sasmal and Rabi Narayan Behera	
Analysis of Heave Behaviour of Expansive Soil Provided with Granular Pile Anchors Using Plaxis	391
S. Sangeetha and P. Hari Krishna	
Comparison of Theoretical and Laboratory Permeability for Coarse-Grained Soil	405
Satyajit Roy, R. K. Bharti, Mahabir Dixit and R. Chitra	
Seismic Wave Propagation in Layered Liquefiable Soils	417
Praveen M. Huded and Suresh R. Dash	

Effect of Soil Spatial Variability on Lateral Response of Well Foundation Embedded in Linear Elastic Soil	429
Ramyasri Rachamadugu, Sanshrit Singhai and Gyan Vikash	
A Comparative Study on the Design of Flexible Faced and Rigid Faced Geosynthetic Reinforced Soil Walls	441
Kirupairaja Thanushan, Kolli Mohan Krishna and Amit Prashant	
Screening of Train-Induced Vibration with Open Trench—A Numerical Study	453
Majumder Mainak and Ghosh Priyanka	
Experimental Comparative Study on Strength Parameters of Concrete Assimilating Glass Fibers of Fine Aggregate, Cement with Rubber and GGBS	467
Arjun Sil, Naveen Kumar Vanapalli, Anisha Kumari, Pratyasha Gogoi and Debasish Mojumder	
Study on River Bed Material and Numerical Analysis of Stabilized Road Embankment on Soft Soil	475
Champakali Das and Ambarish Ghosh	
Adsorption and Hydraulic Conductivity Studies on Bentonites in the Presence of Zinc	489
Saswati Ray, Anil Kumar Mishra and Ajay S. Kalamdhad	
Development of Soft Soil Improvement Scheme for Lateral Stability of Railway Bridge Abutment	501
Md. Jahangir Alam, Mahmudul Islam and Muhammad Saiful Islam	
Effect of Interaction of Nearby Footings on Settlement of Foundation Under Building.	515
Md. Jahangir Alam, Muhammad Saiful Islam, Mahmudul Islam and Md. Nazam Uddin	
Evaluation of Ground Motion Scaling Techniques	525
Jayaprakash Vemuri and Subramaniam Kolluru	
Comparative Analysis and Behavior of Cantilever Retaining Wall with and Without Relief Shelves	537
Mandira Faldesai and P. Savoikar	
Comparative Study of Expansive and Non-expansive Soils Stabilized with Lime and Rice Husk Ash (RHA)	553
Kaling Taki and Paramita Bhattacharya	
Energy Dissipation Response of Unsaturated Cohesive Soil Under Dynamic Loading Conditions	565
Saloni Pandya and Ajanta Sachan	

Bearing Capacity of Shallow Circular and Strip Foundation Resting on Two Layered Clays	579
Prateek Kumar and Manash Chakraborty	
Condition Assessment and Failure Probability of Existing Bridges in the Cachar District, Assam	593
Joydeep Das and Arjun Sil	
A Comparative Deterministic and Probabilistic Stability Analysis of Rock-Fill Tailing Dam	607
Tanmoy Das and A. Hegde	
Subgrade Stabilization Using Non-biodegradable Waste Material	619
Asif Farooq and Fayaz A. Mir	
Seismic Response of Structure Isolated with Quintuple Friction Pendulum Bearing Under Directivity Focusing Earthquakes	629
Ankit Sodha, Sandeep Vasanwala and Devesh Soni	
Element-Free Galerkin Method for Reinforced Timoshenko Beam on Elastic Foundation	639
Vivek Varshney, Sarvesh Chandra and Stephane Bordas	
Dynamic Lattice Element Modelling of Cemented Geomaterials	655
Zarghaam Haider Rizvi, Syed Husain Mustafa, Amir Shorian Sattari, Shahbaz Ahmad, Peter Furtner and Frank Wuttke	
Effect of Stabilization on Characteristics of Subgrade Soil: A Review	667
Pritam Sinha and Kannan K. R. Iyer	
Effect of Anisotropy on Stress-Strain and Pore Pressure Response of Normally and Heavily Over Consolidated Nagpur Expansive Soil	683
Naman Kantesaria and Ajanta Sachan	
Study of Effect of Stiffening and Rigidity of Bearing Stratum-On Tip Load for Single and Group of Granular Piles	699
Vaibhaw Garg and Jitendra Kumar Sharma	
Evaluation of Macroscopic Soil Model Parameters Using the Discrete Element Method	713
Mandeep Singh Basson, Roberto Cudmani and G. V. Ramana	
Experimental Studies on Polyester Geo-Fabric Strengthened Masonry Elements	727
K. S. Sreekesava, A. S. Arunkumar and B. V. Ravishankar	

Influence of Cementing Solution Concentration on Calcite Precipitation Pattern in Biocementation	737
Deepak Mori, Poonam Jyoti, Tejinder Thakur, Shyam K. Masakapalli and K. V. Uday
