

Contents

- Preface to the 3rd Edition 5**
- Some Important Definitions Used in This Book 6**
- 1. Life Cycle Assessment in a Historical Perspective 7**
 - 1.1 The Background of a Product Oriented Environmental Policy 7
 - 1.2 Early History 8
 - 1.3 From Energy analysis to Life Cycle Analysis: 1963 to 1979 8
 - 1.4 From Analysis to Assessment: 1980 to 1992 9
 - 1.5 Guidelines and Standards: 1992 to 1997 11
 - 1.6 Beyond 1997: From Life Cycle Assessment to Life Cycle Management 14
 - 1.7 The End of Life Cycle Assessment..... 15
- 2. The Application Areas for Life Cycle Assessments 17**
- 3. Life Cycle Assessment in Relation to Other Tools 20**
 - 3.1 Environmental Management 20
 - 3.2 Environmental Assessments 22
- 4. Life Cycle Management 25**
 - 4.1 The Life Cycle Aspect of Environmental Management 25
 - 4.2 The Life Cycle Oriented Organisation 25
 - 4.2.1 *Life Cycle Purchase* 25
 - 4.2.2 *Life Cycle Production* 26
 - 4.2.3 *Life Cycle Marketing, Sales and Information* 26
 - 4.2.4 *Life Cycle Logistics* 27
 - 4.2.5 *Research and Development* 27
 - 4.2.6 *Personnel Administration* 27
 - 4.2.7 *Legal Administration* 27
 - 4.2.8 *Financial Administration* 27
 - 4.2.9 *Strategic Management*..... 28
 - 4.3 Co-operating in the Product Life Cycle 29
- 5. LCA to Z - A Beginner's Guide 30**
 - 5.1 The Phases of a Life Cycle Assessment 30
 - 5.2 Goal Definition 31
 - 5.3 Scope Definition 33
 - 5.3.1 *Product Definition* 33
 - 5.3.2 *Choice of Alternatives* 35

5.3.3 Initial Description of the Product Systems	37
5.3.4 Geographical Scope	38
5.3.5 Technological Scope	39
5.3.6 From Many Products to One	41
5.3.7 Environmental Parameters	43
5.3.8 Strategy for Data Collection	45
5.3.9 Type of Critical Review and Reporting	46
5.4 Inventory Analysis	48
5.4.1 Software for Life Cycle Assessments	48
5.4.2 Data Collection	50
5.4.3 Specification of contents for Data Sheets	51
5.4.4 Data Quality Assessment	54
5.4.5 Results of the Data Collection	58
5.5 Impact Assessment	59
5.5.1 Conversion of Environmental Data into Impact Categories	59
5.5.2 Weighting	62
5.6 Interpretation	65
5.6.1 Uncertainty and Sensitivity Analysis	65
5.6.2 Quality Assessment	67
5.6.3 Conclusions	68
6. Critical Review	70
6.1 Types of Critical Review: Integrated 3-step Review or Post-Study Review	70
6.2 Selecting the Reviewer	71
6.3 Qualifications of the Reviewer	72
6.4 Budget, Time Requirements and Contract	73
6.5 Confidentiality and Access to Information	74
6.6 Accordance with ISO Standards	74
6.7 Critical Review of the Goal and Scope Definition	75
6.8 Critical Review of the Inventory Analysis	76
6.8.1 Adequacy of Data	76
6.8.2 Factual Validation of Data	78
6.8.3 Checks on Calculations	78
6.9 Critical Review of the Impact Assessment	79
6.10 Critical Review of the Interpretation	79
6.11 Critical Review of the Final Report	80
6.12 Publication of Critical Reviews	81
About the author	82
References	83
Index	89
