

Contents

	Preface	
	Andreas Mayer	
1	Introduction	1
	Andreas Mayer	
2	Properties of Combustion Particles	18
	Heinz Burtscher	
3	Particulate Emissions of Modern IC Engines	29
	Stephan Kunte, Andrea Bertola, Konstantinos Boulouchos	
4	CNG SI Engine with 3W-Catatyst versus Diesel Engine with PFS to Power Public Buses	51
	Andreas Mayer	
5	Influencing (Nano)Particle Emissions of 2-Stroke Scooters	66
	Jan Czerwinski, Pierre Comte, Felix Reutiman, Andreas Mayer	
6	Particle Size Distributions Measured at Different Traffic Sites and Determination of Vehicle Emission Factors	79
	David Imhof, Ernest Weingartner, Robert Gehrig, Urs Baltensperger	
7	Air Pollution and Health Effects: Evidence from Epidemiological Studies	92
	Irene Bröske-Hohlfeld, Josef Cyrus, Annette Peters	
8	Conventional and New Methods of Particle Measurement	107
	Martin Mohr, Heinz Burtscher	
9	Advances in Diesel Particulate Filter Simulation	127
	Athanasios G. Konstandopoulos, Margaritis Kostoglou, Nicholas Vlachos, Evdoxia Kladopoulou	
10	More than 25 Years of Particulate Filter Patent Publications	148
	Reinhard Latsch, Oliver Carsjens, Jan Ludwig, Thomas Heinze	
11	Fine Dust Emissions and Nanoparticles from Combustion Engines	157
	Andreas Mayer, Markus Kasper	

12	Requirements for Diesel Particle Filter Systems	167
	Andreas Mayer	
13	Hot Gas Filtration of Fine and Ultra Fine Particles	186
	Hans-Jörg Rembor	
14	Ceramic Wall-Flow Diesel Particulate Filters: Material, Design, Function	192
	Stefan Ebener	
15	Influence of SiC-DPF Filter Structure on Gas Permeability and Exhaust Gas Backpressure	202
	Iris Gege, Takahiko Ido, Kazutake Ogyu, Akihiro Ohira, Masayuki Hayashi, Kazushige Ohno, Athanasios G. Konstandopoulos	
16	Particulate Emission Filters and their Contribution to Diesel Emission Control	212
	Reinhard Kolke, Klaus Schrewe, Simon Steigert	
17	Regeneration with Diesel Burners	222
	Hans-Jörg Rembor	
18	Fuel Borne Catalysts (FBC) for Diesel Particulate Filter (DPF) Regeneration	228
	Stephen L. Cook, Werner Kalischewski, Paul J. Richards, Matthew W. Vincent	
19	Catalytic Coatings for Diesel Particulate Filter Regeneration	246
	Claus Görsmann	
20	Materials for Diesel Particulate Filters: Properties and Application	258
	Claus-Dieter Vogt, Adolf Schäfer-Sindlinger, Tadato Ito, Toshiyuki Hamanaka, Reji Matsubara, Shigeharu Hashimoto, Fumio Katsube, Shinichi Miwa	
21	Electrical Regeneration	276
	Hans-Jörg Rembor	
22	Active Exhaust Technology for Regeneration Measures	281
	Gerd Gaiser, Josef Rudelt, Robert Hanitzsch, Marco Schöntaube	
23	Throttling to Promote Filter Regeneration	296
	Andreas Mayer	

24	Combined Regeneration Strategies for Diesel Particulate Traps	304
	Gennadi Zikoridse, Jeanette Kopte, Rainer Sandig, Robin Lindner	
25	Requirements for Diesel Particle Filter Systems as an Integrated Solution for Construction Machinery and Mobile Cranes	325
	François Jaussi, Jens Krug, Roger Röthlisberger	
26	Requirements Pertaining to Particulate Filter Technology for Commercial Vehicles: PMF™ Sintered Metal Particulate Filter Opens a New Dimension of Performance	333
	James R. Biddinger, Wolfgang Frank, Michael Himmen, Georg Hühthwohl, Peter Neumann	
27	Calculation of Diesel Particulate Filters for Passenger Cars	348
	Gerd Gaiser, Patrick Mucha	
28	Particle Filters and SCR-DeNOx with Locomotives	369
	Christoph Hug	
29	Potential of Fuels and Lubricants in Reducing Particulate Emission	373
	Martin Völtz	
30	Certification and Compliance Test of Particle Filters in Switzerland: The VERT Suitability Test Protocol	391
	Andreas Mayer	
31	Particle Sampling and Measurement for Type Approval and Field Control	407
	Markus Kasper	
32	Secondary Emissions of Catalytic Particulate Traps	433
	Norbert Heeb, Erika Guyer, Roland Graf, Regula Haag, Peter Honegger, Martin Kohler, Peter Mattrel, Peter Schmid, Max Wolfensberger, Markus Zennegg, Jean-Luc Petermann, Jan Czerwinski, Max Wyser, Andreas Mayer	
33	Experience of Particulate Filters for Heavy Duty Vehicles	450
	Lennart Erlandsson	
34	Filter Retrofitting 1000 Berlin Buses: 5 Years of Experience	457
	Burkhard Eberwein	

35	Swiss Experience with Particle Filter Retrofit of Construction Machines and Buses	467
	Andreas Mayer	
36	Literature on Fine-Particle Emissions from Road Traffic	480
	Andreas Mayer
