Preface.....ix

Editors.....xi

Contributors xiii

Chapter 1 Nonlinear Controller for Electric Vehicles in Smart Buildings 1

Kanimozhi G, O.V. Gnana Swathika, and Xiao-Zhi Gao

Chapter 2 Guidance System for Smart Building Using Li-Fi..... 19

Rabindra Kumar Singh, B V A N S S Prabhakar Rao, and M Sivabalakrishnan

Chapter 3 Smart Building Automation System..... 29

P. Srividya

Chapter 4 Semi-Autonomous Human Detection, Tracking, and Following Robot in a Smart Building 39

Parth Mannan, Keerthi Priya Pullela, V Berlin Hency, and O.V. Gnana Swathika

Chapter 5 Current-Starved and Skewed Topologies of CNTFET-Based Ring Oscillators for Temperature Sensors 51

Gangachalam Akula and Reena Monica P

Chapter 6 Efficient Data Storage with Tier IV Data Center in Smart Buildings..... 65

Dishant Bhagdev, N. Srinivasan, and R. Balakrishnan

Chapter 7 IoT-Based Data Collection Platform for Smart Buildings..... 71

S. Chowdhury, K.D. Saha, C.M. Sarkar, and O.V. Gnana Swathika

Chapter 8 Sensor Data Validation for IoT Applications 81

Siddharth Pandya, C. Sai Aditya, and Abraham Sudharson Ponraj

Chapter 9	Energy Economic Appliances' Scheduling for Smart Home Environment	95
	<i>K Jamuna, D Suganthi, and S Angalaeswari</i>	
Chapter 10	IoT-Based Smart Metering	103
	<i>Parth Bhargav, Fahad Nishat, Umar Ahmad Ansari, and O.V. Gnana Swathika</i>	
Chapter 11	Smart Decentralized Control Approach for Energy Management in Smart Homes with EV Load	111
	<i>M. Subashini and V. Sumathi</i>	
Chapter 12	Design and Implementation of Prototype for Smart Home Using Internet of Things and Cloud.....	125
	<i>V. Vijeya Kaveri and V. Meenakshi</i>	
Chapter 13	IoT Platform for Monitoring and Optimization of the Public Parking System in Firebase.....	135
	<i>T. Kalavathi Devi, S. Umadevi, and P. Sakthivel</i>	
Chapter 14	IoT-Based Smart Health Monitoring System	149
	<i>Priyanka Lal, Ananthakrishnan V, O.V. Gnana Swathika, Naveen Kumar Gutha, and V Berlin Hency</i>	
Chapter 15	Energy Management System for Smart Buildings: Mini Review	175
	<i>Shivangi Shukla, V. Jayashree Nivedhitha, Akshitha Shankar, and O.V. Gnana Swathika</i>	
Chapter 16	Augmented Lagrangian Model to Analyze the Synergies of Electric Urban Transport Systems and Energy Distribution in Smart Cities	189
	<i>R. Subramani and C. Vijayalakshmi</i>	
Chapter 17	Grid-Interconnected Photovoltaic Power System with LCL Filter Feasible for Rooftop Terracing	203
	<i>V. Meenakshi, V. Vijeya Kaveri, and G.D. Anbarasi Jebaselvi</i>	

Chapter 18 An Efficient ZCS-Based Boost Converter for Commercial Building Lighting Applications..... 217
Kishore Eswaran, Vinodharani M, Srimathi R, Gomathi V, Jaanaa Rubavathay S, and Sreivathi B

Chapter 19 Implementation of Smart Grids and Case Studies through ETAP in Commercial and Official Buildings..... 233
A.M. Chithralegha, N. Srinivasan, and R. Balakrishnan

Chapter 20 Data Logger-Aided Stand-Alone PV System for Rural Electrification 249
Aashiq A, Haniya Ashraf, Supraja Sivaviji, and O.V. Gnana Swathika

Chapter 21 Smart Solar Modules for Smart Buildings..... 265
Nasrin I. Shaikh, R. Rajapriya, and Milind Shrinivas Dangate

Chapter 22 IoT-Based Smart Hand Sanitizer Dispenser (COVID-19)..... 281
Soham Deshpande, Aakash Aggarwal, Abraham Sudharson Ponraj, and J Christy Jackson

Index..... 303
