|---------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| FOREWORD .....                                                                                                                                          | 4  |
| 1 Scope .....                                                                                                                                           | 6  |
| 2 Normative references .....                                                                                                                            | 6  |
| 3 Terms and definitions .....                                                                                                                           | 6  |
| 4 Protection against electric shock by the battery and charger .....                                                                                    | 8  |
| 4.1 General .....                                                                                                                                       | 8  |
| 4.2 Protection against both direct and indirect contact .....                                                                                           | 9  |
| 4.3 Protection against direct and indirect contact when discharging the traction battery on the vehicle (battery disconnected from charger/mains) ..... | 9  |
| 4.4 Protection against direct and indirect contact when charging the traction battery .....                                                             | 10 |
| 5 Prevention of short circuits and protection from other effects of electric current .....                                                              | 10 |
| 5.1 Cables and cell connectors .....                                                                                                                    | 10 |
| 5.2 Protective measures during maintenance .....                                                                                                        | 10 |
| 5.3 Battery insulation .....                                                                                                                            | 11 |
| 6 Provisions against explosion hazards by ventilation .....                                                                                             | 11 |
| 6.1 Gas generation .....                                                                                                                                | 11 |
| 6.2 Ventilation requirements .....                                                                                                                      | 12 |
| 6.2.1 General .....                                                                                                                                     | 12 |
| 6.2.2 Calculation of the minimum ventilation air flow .....                                                                                             | 12 |
| 6.2.3 Recommended charging practice .....                                                                                                               | 13 |
| 6.2.4 Special chargers .....                                                                                                                            | 14 |
| 6.2.5 Multiple charging .....                                                                                                                           | 14 |
| 6.3 Natural ventilation .....                                                                                                                           | 14 |
| 6.4 Forced ventilation .....                                                                                                                            | 15 |
| 6.5 Close vicinity to the battery .....                                                                                                                 | 15 |
| 6.6 Ventilation of battery compartment .....                                                                                                            | 15 |
| 7 Provisions against electrolyte hazard .....                                                                                                           | 15 |
| 7.1 Electrolyte and water .....                                                                                                                         | 15 |
| 7.2 Protective clothing .....                                                                                                                           | 15 |
| 7.3 Accidental contact, "first aid" .....                                                                                                               | 16 |
| 7.3.1 General .....                                                                                                                                     | 16 |
| 7.3.2 Eye contact .....                                                                                                                                 | 16 |
| 7.3.3 Skin contact .....                                                                                                                                | 16 |
| 7.4 Battery accessories and maintenance tools .....                                                                                                     | 16 |
| 8 Battery containers and enclosures .....                                                                                                               | 16 |
| 9 Accommodation for charging/maintenance .....                                                                                                          | 16 |
| 10 Battery peripheral equipment/accessories .....                                                                                                       | 17 |
| 10.1 Battery monitoring system .....                                                                                                                    | 17 |
| 10.2 Central water filling system .....                                                                                                                 | 18 |
| 10.2.1 General .....                                                                                                                                    | 18 |
| 10.2.2 Safety aspects .....                                                                                                                             | 18 |
| 10.3 Central degassing systems .....                                                                                                                    | 18 |
| 10.4 Thermal management systems .....                                                                                                                   | 19 |
| 10.5 Electrolyte agitation system .....                                                                                                                 | 19 |
| 10.6 Catalyst vent plugs .....                                                                                                                          | 19 |

|      |                                                                                                     |    |
