|--------------------------------------------------------------|------|
| Foreword.....                                                | 3    |
| 1 Scope .....                                                | 4    |
| 2 Normative references .....                                 | 4    |
| 3 Terms and definitions.....                                 | 4    |
| 4 Functional dimensions, designations, requirements.....     | 5    |
| 4.1 General.....                                             | 5    |
| 4.2 Step stool with fixed or folding legs .....              | 7    |
| 4.3 Rigid or folding stairtype steps .....                   | 8    |
| 4.4 Fold-out/pull-out step stool .....                       | 9    |
| 4.5 Dometype step stool.....                                 | 11   |
| 5 Additional requirements.....                               | 11   |
| 5.1 Materials.....                                           | 11   |
| 5.2 Steps and platforms .....                                | 12   |
| 5.3 Slip resistance.....                                     | 12   |
| 5.4 Opening restraint and compression security devices ..... | 12   |
| 5.5 Design .....                                             | 12   |
| 5.6 Surface finish .....                                     | 12   |
| 5.7 Hinges (turning points) .....                            | 12   |
| 5.8 Padding .....                                            | 13   |
| 6 Test methods.....                                          | 13   |
| 6.1 General .....                                            | 13   |
| 6.2 Vertical static load test of steps and platforms .....   | 13   |
| 6.3 Determination of friction coefficient .....              | 13   |
| 6.4 Seat Suitability Test.....                               | 14   |
| 7 Instructions for use .....                                 | 14   |
| 8 Marking .....                                              | 14   |
| Bibliography .....                                           | 15   |
