|---------------|------------------------------------------------|------|
| Foreword..... |                                                | 3    |
| 1             | Scope .....                                    | 4    |
| 2             | Normative references .....                     | 4    |
| 3             | Terms and definitions .....                    | 4    |
| 4             | Requirements .....                             | 5    |
| 4.1           | General.....                                   | 5    |
| 4.2           | Requirements for siliceous fly ash .....       | 5    |
| 4.2.1         | Particle size .....                            | 5    |
| 4.2.2         | Loss on ignition .....                         | 5    |
| 4.2.3         | Sulfuric anhydride .....                       | 5    |
| 4.2.4         | Free calcium oxide and soundness .....         | 6    |
| 4.2.5         | Water content .....                            | 6    |
| 4.2.6         | Pozzolanic activity of siliceous fly ash ..... | 6    |
| 4.3           | Requirements for calcareous fly ash.....       | 6    |
| 4.3.1         | Particle size .....                            | 6    |
| 4.3.2         | Soundness.....                                 | 6    |
| 4.3.3         | Reactive calcium oxide .....                   | 6    |
| 4.3.4         | Water content .....                            | 6    |
| 4.3.5         | Hydraulic activity of calcareous fly ash ..... | 6    |
| 5             | Production control .....                       | 7    |
| 6             | Marking and labelling .....                    | 7    |
