

# CONTENTS

|                  |  |            |
|------------------|--|------------|
| <b>Preface</b>   |  | <b>vii</b> |
| <b>Chapter 1</b> | Biogas Recovery from Landfills<br><i>Sherien A. Elagroudy and Mostafa A. Warith</i>  | <b>1</b>   |
| <b>Chapter 2</b> | Landfill Gas: Generation Models and Energy Recovery<br><i>Lidia Lombardi</i>   | <b>69</b>  |
| <b>Chapter 3</b> | Energy and Material Recovery from Biomass: The Biorefinery Approach. Concept Overview and Environmental Evaluation<br><i>Francesco Cherubini and Gerfried Jungmeier</i>                          | <b>97</b>  |
| <b>Chapter 4</b> | Pinch Technology for Waste Heat Recovery Applications in Oil Industry<br><i>Mahmoud Bahy Noureldin</i>   | <b>141</b> |
| <b>Chapter 5</b> | Treatment of Secondary Sludge for Energy Recovery<br><i>Chunbao (Charles) Xu and Jody Lancaster</i>  | <b>187</b> |
| <b>Chapter 6</b> | Energy Recovery from Waste: Comparison of different Technology Combinations<br><i>Lidia Lombardi and Andrea Corti</i>  | <b>213</b> |
| <b>Chapter 7</b> | Energy Recovery from Waste Incineration: Linking the Systems of Energy and Waste Management<br><i>Kristina Holmgren</i>  | <b>229</b> |
| <b>Chapter 8</b> | Experimental Analysis of a Combined Recovery System<br><i>R. Herrero Martín</i>  | <b>253</b> |
| <b>Chapter 9</b> | Energy Recovery Systems from Industrial Plant Waste: Planning of an Industrial Park Located in the South of Italy<br><i>Silvana Kühtz, Francesca Intini, Sara Bellini and Giovanna Matarrese</i> | <b>289</b> |
| <b>Index</b>     |  | <b>311</b> |
