

CONTENTS

<i>W. Rogula-Kozłowska, K. Grübel</i>	
Foreword	7
<i>J.S. Białowicz, W. Rogula-Kozłowska, P. Gromek, J. Białowicz</i>	
Remote sensing of water areas. Analysis of the consistency between topographic maps and satellite land cover maps	9
<i>J. Białowicz, A. Schwerk, I. Dymitryszyn, A. Olszewski</i>	
Water as a key factor in the nesting site selection of the white stork	15
<i>M. Bodzek, A. Pohl</i>	
Micro- and nanoplastics in the aquatic environment and methods for their removal	21
<i>R. Fellner, P. Piątek</i>	
Concept of using an unmanned aerial vehicle (UAV) to assess the macrostructure parameters of a sprayed water stream	29
<i>T. Gotkowski</i>	
Firefighting in mountainous areas based on the practice of the Municipal Command of the State Fire Service in Bielsko-Biała	35
<i>A. Jaguś, A. Kowalczyk</i>	
Variability of water resources in mountain catchments	39
<i>P. Janik, M. Chmiel</i>	
Introduction of water-based fixed fire suppression system components to the Polish market	45
<i>P. Kępa, A. Piórkowska, A. Badyda</i>	
Exposure to indoor air pollution and health consequences for residents of buildings with different heating systems	51
<i>S. Kieliszek, J. Binio</i>	
Actual water consumption for extinguishing fires in ZL human hazard category buildings in relation to formal and legal requirements	57
<i>B. Klik, M. Radziemska</i>	
Novel strategy for composts from municipal sewage sludge in assisted phytostabilisation	63

<i>M. Kostecki</i>	
On the need for protection and reclamation of lakes	69
<i>W. Kowalski, A. Krasuski, W. Rogula-Kozłowska</i>	
Interaction between gravity smoke ventilation systems and sprinkler installations in the context of emissions from warehouse fires	75
<i>A. Mizerski, D. Gancarczyk, J. Stec</i>	
Wastewater from firefighting operations of fire departments	81
<i>B. Mrowiec</i>	
Water stability and issues of secondary contamination	87
<i>A. Pohl, M. Bodzek, C. Rosik-Dulewska</i>	
Microplastics in water and firefighting-related risks	93
<i>S. Ptak, A. Barasiński, M. Urbańczyk</i>	
Conductivity of firefighting current in the context of photovoltaic installation fires	97
<i>M. Rajfur, P. Świśłowski</i>	
Algae and mosses in environmental pollution assessment	103
<i>Ł. Szafrński</i>	
Water supply in mountainous terrain based on the practice of the Municipal Command of the State Fire Service in Bielsko-Biała	109
<i>M. Tytła</i>	
Metals and metalloids in water reservoirs and associated risks	113
