

TABLE OF CONTENTS

HUMAN FACTORS

Revision Log	iii
Measurement Standards	iv
Basic Knowledge Requirements	v
Part 66 Basic Knowledge Requirements	vi
Table of Contents	ix

9.1 GENERAL 1.1

Introduction	1.1
The Need To Take Human Factors Into Account	1.1
Incidents Attributable To Human Factors And Errors	1.2
Case Study: Aloha Airlines Flight 243	1.2
Investigation	1.3
Safety Recommendations	1.3
FAA Recommendations	1.3
Aloha Airlines Recommendations	1.3
Related to "The Dirty Dozen"	1.4
Case Study: British Airways BAC-111 Windscreen Blowout	1.4
Investigation	1.4
Safety Recommendations	1.4
British Airways Recommendations	1.4
Civil Aviation Authority Recommendations	1.5
Related to "The Dirty Dozen"	1.5
Case Study: Nose Wheel Jammed on Dash-8	1.5
Investigation	1.5
Related to "The Dirty Dozen"	1.5
Case Study: Failure To Pressurize After An Outflow Valve Was Left In Open Position	1.5
Investigation	1.6
Safety Recommendations	1.6
Related to "The Dirty Dozen"	1.6
Case Study: Main Wheel Incorrectly Fitted	1.6
Investigation	1.7
Safety Recommendations	1.7
Related to "The Dirty Dozen"	1.7
Case Study: Torch (flashlight) Left In Nose Wheel Steering Cable Run	1.7
Investigation and Recommendations	1.8
Related to "The Dirty Dozen"	1.8
Murphy's Law	1.8
Submodule 1 Practice Questions	1.11
Submodule 1 Practice Answers	1.12

9.2 HUMAN PERFORMANCE AND LIMITATIONS 2.1

Introduction	2.1
Vision	2.1
Basic Components of the Eye	2.1
The Cornea	2.1
The Iris and Pupil	2.2
The Lens	2.2
The Retina	2.2
Factors Affecting Vision	2.2
Blind Spot	2.2
Refractive Errors	2.3
Other visual problems include	2.3
Foreign Substances	2.3

Environmental Factors	2.3
The Nature of the Object Being Viewed	2.3
Color Vision	2.3
Night Vision and Color Loss	2.4
Vision and Aging Eyes	2.4
Aging Eyes Symptoms	2.5
What Can Be Done?	2.5
Hearing	2.5
Basic Function of the Ear	2.5
Outer Ear	2.6
Middle Ear	2.6
Inner Ear	2.6
Performance and Limitations of the Ear	2.6
Impact of Noise on Performance	2.6
High and Low Tone Deafness	2.6
Hearing Protection	2.6
Hearing Loss Studies	2.7
Information Processing	2.8
Information Processing Model	2.8
Stage 1: Gathering Information	2.8
Stage 2: Perception or Assessment	2.8
Stage 3: Evaluation and Decision Making	2.8
Stage 4: Action/Response	2.9
Stage 5: Feedback	2.9
Attention and Perception	2.9
Attention	2.9
Perception	2.9
Examples of the Perceptual Process	2.10
Illusions of Perception	2.10
Memory	2.11
Memory Processes	2.11
Short Term Memory	2.11
Long Term Memory	2.12
Claustrophobia and Physical Access	2.12
Claustrophobia	2.12
Fear of Heights	2.12
Submodule 2 Practice Questions	2.15
Submodule 2 Practice Answers	2.16

9.3 SOCIAL PSYCHOLOGY 3.1

Introduction	3.1
Accountability And Responsibility: Individual And Group	3.1
Case Study: Taking it For Granted	3.1
Key Lessons	3.2
Key Points	3.2
Group or Team Responsibility	3.2
Intergroup Conflict	3.2
Group Polarization/Groupthink	3.2
Social Loafing	3.3
Motivation and Demotivation	3.3
Motivation	3.3
Reward and Punishment: Effects on Behavior	3.3
Maslow's Hierarchy of Needs	3.4
Demotivation	3.4
Peer Pressure	3.5
Experiment To Illustrate Conformity	3.5

TABLE OF CONTENTS

Culture Issues	3.5	Time Pressure and Deadlines	4.3
How Does The Organizational Culture Affect The Work Of An AMT?.....	3.6	Time Pressure and Self Imposed Pressure	4.3
The Influence Of Organizational Culture On Safety.....	3.6	How Can Inappropriate Actual Or Self Imposed Pressure Be Managed?.....	4.5
Role In Developing The Culture Of Safety.....	3.6	Workload; Overload and Underload	4.5
Recognizing A Good Safety Culture?.....	3.6	Factors Determining Workload.....	4.5
Teamwork	3.6	Work Overload	4.5
Characteristics of Teams	3.7	Causes Of High Workload	4.5
Conditions For Effective Teamwork.....	3.7	Case Study: Short Handed	4.6
Shared and Understood Goal	3.7	Work Underload.....	4.6
Effective Leadership and Followership	3.7	Sleep and Fatigue, Shift Work	4.6
A Shared Mental Model	3.7	Fatigue	4.6
Practice Clear And Effective Communication	3.7	The Effects of Fatigue	4.6
Clear Delegation & Role Definition	3.8	Consider These Two Imaginary Scenarios	4.7
Clear Operating Procedures	3.8	Scenario 1.....	4.7
Appropriate Allocation of Workload	3.8	Scenario 2.....	4.7
Appropriate Authority Gradient	3.8	Memory Failures	4.7
Conflict Resolution	3.9	Failures to Notice Defects or Problems.....	4.7
Key Points	3.9	Case Study.....	4.7
Management, Supervision and Leadership.....	3.9	Are We The Best Judges Of Our Level Of Fatigue?.....	4.7
The Management Role.....	3.9	The Impact Of Fatigue In The Workplace.....	4.8
The Supervisory Role.....	3.9	The Causes of Fatigue	4.8
Leadership	3.10	Sleep Debt	4.8
Characteristics of a Good Leader	3.10	Sleep Apnea	4.9
What is Leadership?	3.10	When to see a doctor?	4.9
Motivating the Team	3.10	Circadian Rhythms	4.9
Reinforcing Good Attitudes and Behavior	3.10	Do shift workers adapt to permanent night shifts?.....	4.9
Demonstrating by Example.....	3.10	Beware the WOCL	4.9
Maintaining the Group	3.10	Factors That Increase The Impact of Fatigue.....	4.10
Fulfilling a Management Role.....	3.10	Case Study.....	4.10
What Leadership Is Not!.....	3.10	Managing The Risks Of Fatigue.....	4.10
Leadership Under Stress	3.11	Sleep Inertia (aka 'Sleep Drunkenness')	4.10
Consider the Following Scenario.....	3.11	Responsibilities of the Employer.....	4.11
Submodule 3 Practice Questions.....	3.13	Responsibilities of the Employee.....	4.11
Submodule 3 Practice Answers	3.14	Strategies to Deal with Fatigue	4.11
		Caffeine	4.11
9.4 FACTORS THAT AFFECT PERFORMANCE	4.1	Breaks.....	4.11
Introduction.....	4.1	Progressive Restrictions.....	4.11
Fitness and Health.....	4.1	Key Points	4.11
Pre-employment Physical	4.1	Shift Work.....	4.12
Day To Day Fitness And Health.....	4.1	Advantages of Shift Work.....	4.12
Positive Measures.....	4.2	Disadvantages of Shift Work.....	4.12
Stress: Domestic and Work Related	4.2	Rolling Shift Patterns	4.12
Characteristics of Stress.....	4.2	Conclusion.....	4.12
Stress Is Cumulative.....	4.2	Alcohol, Medications, and Drug Abuse	4.12
Causes of Stress	4.2	Alcohol.....	4.12
Stressors.....	4.2	How long does it take to eliminate alcohol from the body? ..	4.12
Symptoms of Stress	4.2	Alcohol and Safety.....	4.14
Consequences For AMTs	4.2	Alcohol and Sleep	4.14
Domestic Stress	4.2	Disturbance of Paradoxical (REM) Sleep/Slow Wave	
Work Related Stress.....	4.3	Sleep Cycle.....	4.14
Managing Stress	4.3	Daytime Repercussions Of Alcohol's Effects On Sleep ...	4.14
Stress Coping Strategies	4.3	Alcohol and Attention.....	4.14
Achieving Relaxation.....	4.3	What Would You Do?.....	4.14
How stressed are you?	4.3	Drugs.....	4.14
What Your Score Means	4.3	How Are Drugs Classified	4.15

TABLE OF CONTENTS

Legal Drugs	4.15	How to Build and Maintain Situational Awareness	5.10
Illegal Drugs	4.15	Challenges to Situational Awareness	5.10
Drugs Affecting the Central Nervous System	4.15	How To Detect Loss Of Situational Awareness	5.10
Depressants	4.15	Conclusion	5.10
Stimulants	4.15	Submodule 5 Practice Questions	5.11
Hallucinogens	4.15	Submodule 5 Practice Answers	5.12
How Drugs Affect People	4.15	9.6 TASKS	6.1
Legal Drugs; Prescription and Over the Counter.	4.16	Introduction	6.1
Sleeping Tablets	4.16	Planning Of Tasks, Equipment, And Spares	6.1
Antidepressants	4.16	Lack Of Resources... Not A Problem!	6.1
Antibiotics	4.16	What Would You Do?	6.2
Antihistamines	4.16	Is This Your Preferred Decision?	6.2
'Pep' Pills: (containing caffeine, dexedrine, benzedrine) ..	4.16	Key Points	6.2
High Blood Pressure Medication	4.16	Physical Work	6.3
Antimalarial Drugs	4.16	Repetitive Tasks, Complacency	6.3
Oral Contraceptive Tablets	4.16	Visual Inspection	6.4
Sudafed	4.16	Critical Maintenance Tasks And Error Capturing Methods ..	6.5
Key Points	4.17	What is a critical maintenance task?	6.5
Lack of Manpower	4.17	Error Capturing Methods	6.6
Submodule 4 Practice Questions	4.19	Technical Documentation: Access, Use And Quality	6.6
Submodule 4 Practice Answers	4.20	Submodule 6 Practice Questions	6.7
9.5 PHYSICAL ENVIRONMENT	5.1	Submodule 6 Practice Answers	6.8
Noise And Fumes	5.1	9.7 COMMUNICATION	7.1
Noise	5.1	What Is Communication?	7.1
Protecting Your Hearing	5.1	Communication Channels	7.1
Know Your Work Environment	5.1	Speech	7.1
Select Appropriate Hearing Protection Devices	5.1	Documents	7.1
Fumes, Chemicals, Toxic Metals And Solvents	5.2	Non Verbal Communication	7.2
Chemicals	5.2	Physical Cues	7.2
Gasoline Engine Exhaust (Carbon Monoxide)	5.2	Communication Within and Between Teams	7.2
Kerosene Based Fuels	5.2	Work Logging and Recording	7.3
Toxic Metals	5.3	Scheduled Task Cards	7.3
Cadmium	5.3	Non Scheduled Tasks	7.3
Beryllium	5.3	Shift Handover	7.4
Preventative Actions for Toxic Metal Exposure	5.3	Concepts	7.4
Paints and Primers	5.3	Aids to Effective Communication At Shift Handover	7.4
Hydraulic Fluids	5.4	Barriers To Effective Communication At Shift Handover ..	7.5
Solvents	5.4	Shift Handover Meetings	7.5
Skin Contact	5.4	Walkthroughs	7.5
Eyes and Respiratory System	5.4	Task Handover	7.6
Preventative Actions For Solvent Exposure	5.4	Handing Over a Task Directly to Another Person	7.6
Illumination	5.5	Handing Over a Task for Somebody to Complete	7.6
Climate and Temperature	5.5	An Accident Related to a Shift Handover	7.6
The Body's Response To Heat	5.6	Four Ways to Improve Shift Handover	7.7
Heat Stress and Major Disorders	5.6	Effective And Ineffective Handovers	7.7
Working in the Cold	5.7	Keeping Up-To-Date, Currency	7.7
The Body's Response To Cold	5.7	Dissemination of Information	7.8
Know Your Temperatures	5.7	Submodule 7 Practice Questions	7.9
Preventing Cold Related Disorders	5.8	Submodule 7 Practice Answers	7.10
Motion and Vibration	5.9	9.8 HUMAN ERROR	8.1
Working Environment	5.9	Introduction	8.1
What Is A Safety Culture?	5.9	Error Models and Theories	8.2
Building a Safety Culture	5.9	The PEAR Model	8.2
Situational Awareness	5.9		
Shared Situational Awareness	5.10		

TABLE OF CONTENTS

PEAR Applied to Maintenance	8.3	Organizational Human Factors Program	9.4
People.....	8.3	Professionalism and Integrity	9.4
Environment	8.3	Seven Key Principles Of Ethical Behavior	9.5
Action.....	8.3	Error Provoking Behavior	9.5
Resources.....	8.4	Reporting Errors	9.5
HFACS-ME Model	8.4	Aviation Safety Reporting System (ASRS).....	9.5
SHEL Model.....	8.4	International Confidential Aviation Safety Systems (ICASS).....	9.5
Professor Reason's "Swiss Cheese" Model.....	8.4	Disciplinary Policy.....	9.5
Types of Errors in Maintenance Tasks	8.5	Non-punitive Reporting Policies.....	9.6
Unintended Errors	8.5	Error Investigation.....	9.6
Slips	8.5	Feedback	9.6
Lapses.....	8.5	Why Feedback And Recognition Matters.....	9.6
Intended Errors	8.5	Giving Feedback For Safety.....	9.6
Mistakes.....	8.5	Recognizing Safety Achievements	9.6
Rule Based Mistakes	8.5	How to Solicit Feedback	9.6
Knowledge Based Mistakes.....	8.6	Measuring And Evaluating The Impact Of Feedback	9.6
Violations.....	8.6	Assertiveness	9.6
Routine Violations.....	8.6	Dealing With Emergencies	9.7
Exceptional Violations.....	8.6	What Is An Emergency?	9.7
Implications of Errors	8.6	Preparing For Emergencies	9.7
Organizational Errors	8.6	Planning Ahead.....	9.7
Maintenance Error Decision Aid (MEDA)	8.6	Responding To An Emergency	9.7
The MEDA Philosophy.....	8.7	Possible Work Related Emergencies	9.8
Positive Employee Intent.....	8.7	Breathing Emergencies	9.8
Contributions of Multiple Factors.....	8.7	Rescue Breathing and CPR.....	9.8
Manageability of Errors.....	8.7	Chemical Burns	9.8
The MEDA Process.....	8.8	Head Injury	9.9
Event	8.8	Hypothermia	9.9
Decision	8.8	Spinal Injury	9.9
Investigation.....	8.8	Strains, Sprains and Broken Bones	9.9
Prevention Strategies.....	8.8	Splinting.....	9.10
Feedback.....	8.8	Submodule 9 Practice Questions.....	9.11
Management Resolve.....	8.8	Submodule 9 Practice Answers	9.12
Implementing MEDA.....	8.8		
The Benefits of MEDA	8.9	9.10 THE 'DIRTY DOZEN' AND RISK MITIGATION.....	10.1
Avoiding and Managing Errors.....	8.9	Risk Mitigation Methods	10.1
Submodule 8 Practice Questions.....	8.11	Lack of Communication	10.2
Submodule 8 Practice Answers	8.12	Complacency	10.3
		Lack of Knowledge	10.4
9.9 SAFETY MANAGEMENT	9.1	Distraction.....	10.5
Risk Management	9.1	Lack of Teamwork.....	10.6
Occurrence Reporting.....	9.1	Fatigue	10.7
Risk Management Checklist.....	9.1	Lack of Resources	10.8
Safety Culture	9.2	Pressure	10.9
Safety Policy.....	9.3	Lack of Assertiveness.....	10.10
Safety Risk Management.....	9.3	Stress	10.11
Safety Assurance	9.3	Physical Stressors.....	10.11
Safety Promotion.....	9.3	Psychological Stressors	10.11
Just Culture	9.3	Physiological Stressors.....	10.11
How Safety Culture Relates To Just Culture?.....	9.3	Lack of Awareness.....	10.12
Identifying, Avoiding and Reporting Hazards	9.3	Norms	10.13
Identifying Safety Risks	9.3		
Avoiding Hazards And Incidents	9.3	Acronym Definitions	A.1
Communicate And Consult.....	9.3	Appendix	AP.1
Case Study.....	9.4		
Reporting Hazards	9.4
