

CONTENTS

<i>Preface</i>	v
<i>List of Contributors</i>	xi
1. Chain-breaking Antioxidants in Polymer Stabilisation J. POSPIŠIL	1
2. Melt Stabilisation of Polypropylene T. J. HENMAN	39
3. High Temperature Stability of Rubber Vulcanisates J. E. STUCKEY	101
4. Antioxidants in Rubbers Aged in Air and in Hydraulic Fluids D. K. THOMAS	137
5. The Influence of Metal Chelates on the Oxidation of Polymers H. S. LAVER	167
6. The Effect of the Fire Retardant, Ammonium Polyphosphate, on the Thermal Degradation of a Polyurethane N. GRASSIE and M. ZULFIQAR	197
7. The Photo-Stabilisation of Polyolefins D. J. CARLSSON, A. GARTON and D. M. WILES	219

8.	Developments in the u.v.-Stabilisation of Polymers . . .	261
	F. GUGUMUS	
9.	Stabilisation of Rubber-Modified Plastics Against Environmental Degradation	309
	G. SCOTT	
	<i>Index</i>	329
