SECTION A *Introductory Notes*

Chapter 1 Events Propelling the Use of Polymers in Dental
 and Orthopedic Applications3
Waleed S.W. Shalaby and Shalaby W. Shalaby

SECTION B *Development and Application of New Systems*

Chapter 2 Composites for Dental Restoratives 13
Norbert Moszner and Ulrich Salz

Chapter 3 Enamel and Dentin Adhesion 69
Ulrich Salz, Norbert Moszner, and Jörg Zimmermann

Chapter 4 Application of Polymers in the Therapy for Gingivitis,
 Periodontitis, and Treatment of Dry Socket..... 145
Shalaby W. Shalaby and Ulrich Salz

Chapter 5 Maxillofacial Bone Augmentation and Replacement..... 169
Guigen Zhang

Chapter 6 Polymeric Biomaterials for Articulating Joint Repair
 and Total Joint Replacement..... 185
Shalaby W. Shalaby, Sheila D. Nagatomi, and Shawn J. Peniston

SECTION C *Development in Preparative, Processing, and Evaluation Methods*

Chapter 7	Physicochemical Properties of Bioactive Polymeric Composites: Effects of Resin Matrix and the Type of Amorphous Calcium Phosphate Filler	217
------------------	--	-----

J.M. Antonucci and D. Skrtic

Chapter 8	New Approaches to Improved Polymer Implant Toughness and Modulus	243
------------------	--	-----

Meng Deng and Shalaby W. Shalaby

Chapter 9	Physicochemical Modification of Polymers for Bone-Implant Osseointegration	263
------------------	--	-----

Shalaby W. Shalaby and Bruce L. Anneaux

Chapter 10	Surface Modification of Articulating Surfaces and Tribological Evaluation	303
-------------------	---	-----

Sunita P. Ho, Rebecca A. Caldwell, and Martine LaBerge

Chapter 11	Histopathological Evaluation of Hard Tissue Implant Performance	337
-------------------	---	-----

Mei-Shu Shih

SECTION D Advanced Biomaterials, Technologies, and Sought Applications

Chapter 12	Mechanical Adaptation of Bone: Bioreactors for Orthopedic Tissue Engineering Applications	351
-------------------	---	-----

Jiro Nagatomi

Chapter 13	Synthetic Scaffolds Used for Orthopedic Tissue Engineering	367
-------------------	--	-----

Mark Borden

Chapter 14	Polymeric Controlled Release Systems for Management of Bone Infection	391
-------------------	---	-----

Marc Shalaby and Shalaby W. Shalaby
