## PROPELLER

|                                            |     |
|--------------------------------------------|-----|
| Revision Log .....                         | iii |
| Measurement Standards .....                | iv  |
| Basic Knowledge Requirements .....         | v   |
| Part 66 Basic Knowledge Requirements ..... | vi  |
| Table of Contents .....                    | ix  |

### 17.1 FUNDAMENTALS ..... 1.1

|                                      |      |
|--------------------------------------|------|
| Introduction .....                   | 1.1  |
| Overview .....                       | 1.1  |
| Fundamentals .....                   | 1.2  |
| Basic Propeller Principles .....     | 1.2  |
| Propeller Aerodynamic Process .....  | 1.2  |
| Range of Propeller Pitch .....       | 1.5  |
| Forces Acting on a Propeller .....   | 1.5  |
| P-Factor .....                       | 1.6  |
| Slipstream Effect .....              | 1.6  |
| Torque .....                         | 1.7  |
| Gyroscopic Precession .....          | 1.7  |
| Vibration and Resonance .....        | 1.7  |
| Submodule 1 Practice Questions ..... | 1.10 |
| Submodule 1 Practice Answers .....   | 1.11 |

### 17.2 PROPELLER CONSTRUCTION ..... 2.1

|                                                    |      |
|----------------------------------------------------|------|
| Propellers Used on General Aviation Aircraft ..... | 2.1  |
| Fixed-Pitch Wooden Propellers .....                | 2.1  |
| Torquing Wooden Propellers .....                   | 2.3  |
| Metal Fixed-Pitch Propellers .....                 | 2.3  |
| Steel Propeller Blades .....                       | 2.4  |
| Composite Propellers .....                         | 2.4  |
| Blade Stations .....                               | 2.4  |
| Propeller Hub, Shank, Back, and Face .....         | 2.4  |
| Types of Propellers .....                          | 2.5  |
| Test Club Propeller .....                          | 2.5  |
| Fixed-Pitch Propeller .....                        | 2.5  |
| Ground-Adjustable Propeller .....                  | 2.5  |
| Controllable-Pitch Propeller .....                 | 2.6  |
| Constant-Speed Propellers .....                    | 2.6  |
| Feathering Propellers .....                        | 2.7  |
| Reverse-Pitch Propellers .....                     | 2.7  |
| Propeller Location .....                           | 2.7  |
| Tractor Propeller .....                            | 2.7  |
| Pusher Propellers .....                            | 2.7  |
| Contra-Rotating Propellers .....                   | 2.7  |
| Counter-Rotating Propellers .....                  | 2.8  |
| Propeller Removal and Installation .....           | 2.8  |
| Removal .....                                      | 2.8  |
| Installation .....                                 | 2.9  |
| Propeller Clearances .....                         | 2.9  |
| Submodule 2 Practice Questions .....               | 2.11 |
| Submodule 2 Practice Answers .....                 | 2.12 |

### 17.3 PROPELLER PITCH CONTROL ..... 3.1

|                          |     |
|--------------------------|-----|
| Propeller Governor ..... | 3.2 |
| Governor Mechanism ..... | 3.3 |
| On Speed Condition ..... | 3.4 |

|                                                          |      |
|----------------------------------------------------------|------|
| Under Speed Condition .....                              | 3.5  |
| Over Speed Condition .....                               | 3.5  |
| Constant-Speed Propeller Operations .....                | 3.5  |
| Hartzell Constant-Speed, Non-feathering Propellers ..... | 3.5  |
| Constant-Speed Feathering Propellers .....               | 3.6  |
| Unfeathering .....                                       | 3.7  |
| Autofeathering System .....                              | 3.8  |
| Hamilton Standard Hydromatic Propellers .....            | 3.8  |
| Components .....                                         | 3.9  |
| Hamilton Standard Propeller Control .....                | 3.10 |
| Principles of Operation .....                            | 3.10 |
| Hydromatic On Speed Condition .....                      | 3.10 |
| Hydromatic Under Speed Condition .....                   | 3.11 |
| Over Speed Condition .....                               | 3.11 |
| Feathering Operation .....                               | 3.11 |
| Unfeathering Operation .....                             | 3.12 |
| Turboprop Engines and Propeller Control Systems .....    | 3.13 |
| Reduction Gear Assembly .....                            | 3.13 |
| Turbo-Propeller Assembly .....                           | 3.14 |
| Pratt & Whitney PT-6 Hartzell Propeller System .....     | 3.15 |
| Over Speed Protection .....                              | 3.16 |
| Electrically Controlled Propellers .....                 | 3.17 |
| Submodule 3 Practice Questions .....                     | 3.21 |
| Submodule 3 Practice Answers .....                       | 3.22 |

### 17.4 PROPELLER SYNCHRONIZING ..... 4.1

|                                                                                        |     |
|----------------------------------------------------------------------------------------|-----|
| Propeller Synchronization Systems .....                                                | 4.1 |
| Propeller Synchronization .....                                                        | 4.1 |
| FADEC Systems .....                                                                    | 4.2 |
| Propeller Synchrophasing .....                                                         | 4.2 |
| Twin Engine Synchronizer and Synchrophaser Testing on<br>Piston-Powered Aircraft ..... | 4.3 |
| SAAB Synchronizer and Synchrophaser on Turboprop System<br>Operation .....             | 4.3 |
| System Testing .....                                                                   | 4.3 |
| Active Noise and Vibration Suppression System .....                                    | 4.4 |
| Submodule 4 Practice Questions .....                                                   | 4.5 |
| Submodule 4 Practice Answers .....                                                     | 4.6 |

### 17.5 PROPELLER ICE PROTECTION ..... 5.1

|                                                                            |      |
|----------------------------------------------------------------------------|------|
| Propeller Ice Protection Systems .....                                     | 5.1  |
| Anti-icing Systems .....                                                   | 5.1  |
| De-icing Systems .....                                                     | 5.2  |
| Inspection, Maintenance, and Testing Anti-Icing System .....               | 5.4  |
| Inspection, Maintenance, and Testing the Electric De-icing<br>System ..... | 5.5  |
| Brush Block Assembly .....                                                 | 5.5  |
| Sequencing Timer Assembly .....                                            | 5.6  |
| Resistance Checks .....                                                    | 5.6  |
| Replacing Overshoes .....                                                  | 5.6  |
| Submodule 5 Practice Questions .....                                       | 5.9  |
| Submodule 5 Practice Answers .....                                         | 5.10 |

### 17.6 PROPELLER MAINTENANCE ..... 6.1

|                                            |     |
|--------------------------------------------|-----|
| Propeller Inspection and Maintenance ..... | 6.1 |
| Visual Inspection .....                    | 6.1 |

# TABLE OF CONTENTS

---

Tactile Inspection ..... 6.1

Blade Assessment..... 6.2

Wood Propeller Inspection ..... 6.2

    Dye Penetrants, Etching, and Chromic Acid ..... 6.3

    Eddy Current..... 6.3

    UltraSound..... 6.4

    Magnetic Particles..... 6.4

Composite Propeller Inspection ..... 6.4

    Coin Tap ..... 6.4

Blade Tracking..... 6.4

Checking and Adjusting Propeller Blade Angles ..... 6.5

    Universal Propeller Protractor..... 6.5

Propeller Vibration..... 6.6

    Propeller Balancing ..... 6.6

    Static Balancing..... 6.6

    Dynamic Balancing..... 6.8

    Balancing Procedure ..... 6.8

    Vibration Spectrum Survey..... 6.10

Propeller Lubrication..... 6.11

Charging the Propeller Air Dome..... 6.11

Tachometer Check..... 6.12

Cleaning Propellers..... 6.12

Propeller Repairs ..... 6.12

Propeller Overhaul..... 6.14

    The Hub..... 6.14

    Prop Reassembly ..... 6.14

Troubleshooting Propellers ..... 6.14

    Hunting and Surging..... 6.14

    Engine Speed Varies With Flight Attitude (Airspeed) .... 6.15

    Failure to Feather or Feathers Slowly ..... 6.15

Propeller Governor Inspection, Maintenance, and Adjustment 6.15

Submodule 6 Practice Questions..... 6.17

Submodule 6 Practice Answers..... 6.18

**17.7 PROPELLER STORAGE AND PRESERVATION..... 7.1**

Introduction..... 7.1

    Long Term Storage and Preservation ..... 7.2

    Storage of Propeller Governors and Accumulators..... 7.2

    During Preservation, Depreservation, and Return to Service .. 7.3

Submodule 7 Practice Questions..... 7.5

Submodule 7 Practice Answers..... 7.6

Acronym Definitions.....A.1
