Foreword.....	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Terms and definitions.....	1
4 General Requirements.....	4
4.1 Safety	4
4.2 * Alternative construction	4
4.3 Materials	4
4.4 Electrical requirements	4
5 Rail system requirements	4
5.1 Rail supports	4
5.2 Rail.....	4
5.3 Joining of rails	9
5.4 Rail clamp	9
5.5 Equipment mount holder	11
5.6 Equipment mount	12
5.7 Equipment mount pin holder.....	13
5.8 Equipment mount pin	14
5.9 * Mechanical characteristics of the rail after installation	14
6 Marking, labelling and packaging	15
7 Testing, commissioning and certification.....	16
7.1 Tests after installation.....	16
7.2 Certification of the installed rail system.....	16
8 Information to be supplied by the manufacturer.....	16
8.1 Upon delivery of rail and supports	16
8.2 Upon delivery of other components of the rail system	17
Annex A (informative) Example of a form for certification of the rail system.....	18
Annex B (informative) Rationale	19
Annex C (informative) Special national and regional conditions for electrical installations	20
Bibliography	21
